

SUNEX[®]

T O O L S

1977

Sunex Tools set out to make an impact in the automotive repair industry.

1980s

Sunex had become a trusted name to automotive pros.

1984

Sunex launched the flagship line of Impact Sockets.

2005

Sunex brought time-tested quality to the international market.

2011

Sunex blazed their trail into the industrial arena.

MORE CONTROL LESS EFFORT

Sunex has been making Impact Sockets since 1984 and we design them with the highest torque in mind. Because of this our impact sockets are ready to handle your toughest jobs and backed by a lifetime warranty.

CHAMFERED OPENING

Quickly aligns fastener to socket.

CR-MO STEEL

Provides the strength and flexibility to handle high torque impact tools.

RADIUS CORNER DESIGN

Reduces wear and increases torque on fasteners by placing force on fastener walls rather than fastener corners.

IMPACT SOCKETS

UNIQUE HANDLE

A unique ratchet handle designed by the working professional for better comfort during daily jobs.

UNIQUE RATCHET DESIGN

80 tooth low profile ratchet allows for access into tight areas by providing a smaller arc swing during rotation.

30080

AVAILABLE IN SETS

1/4", 3/8", and 1/2" Drive Master Chrome Socket Set 89-Piece

1889

Radiused corner design on the sockets allows for almost total torque to the flat of the fastener instead of the corners.

Sockets feature chamfered ends that quickly guide the fastener into the socket.

Red and Blue high visibility markings allow for easy and fast identification of each socket.

SCREWDRIVERS

360704V

Cross-Hatched teeth gives a stronger grip.

Induction hardened wire cutter stays sharp longer.

3710V

High leverage jaw and long handles provide more cutting power with ease of use.

30° offset head for closer cuts.

3620

Serrated long nose design provides a better grip when pulling and lopping wire.

Strips 10-22 AWG wire.

Built-in 8-32 and 6-32 screw cutters.

3625

Slip joint jaw allows for a quick adjustment from 2-1/4" to 4-3/4".

Double jointed jaw provides 90 degree pivoting to allow the user to remove even the most awkwardly positioned oil filters.

48 TOOTH RATCHETING MECHANISM

Desired torque is signaled by audible click and impulse.

Includes certificate of calibration.

UNIQUE WRENCH DESIGN

Accurate to $\pm 3\%$ clockwise and $\pm 6\%$ counterclockwise.

High quality internal components for professional performance.

LIFETIME WARRANTY

15°

15° offset box end to provide clearance when in use.

Radius Corners to grip the flat sides of the fastener and prevent round-off.

1 YEAR WARRANTY

20250

CLICK

9917MA

RADIUS CORNERS

Radius V-Groove design improves the grip on fasteners.

Fully polished to eliminate oil and grease build up.

Sunex also has you covered in the tightest of spaces with our S-Style and half-moon wrench styles.
